

ROZY RANA'S FIVE FUN IDEAS FOR YOUR ZOOM SOCIALS

Use virtual club social events to drive membership growth and retention.

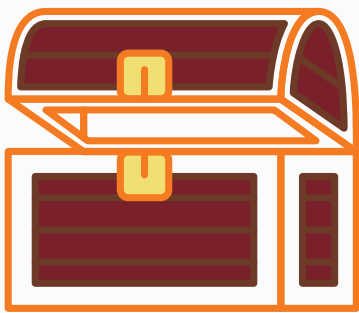

1 HOST A QUIZ NIGHT

Use software like Kahoot! to create fun and exciting quizzes to challenge your members on a variety of topics - make sure you have fun while at it!

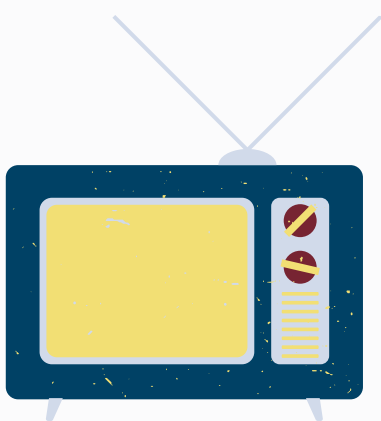

2 HAVE A SING-A-LONG

Use Watch2Gether and Zoom to create a Karaoke night from the comfort of your home. Keep the volume high and let your voice ring.

3 TRY A SCAVENGER HUNT

Ask members to find unique things in their house and show them on their video cams: red shoe, blue umbrella or yellow bib and watch with hilarity as members compete to be the best.

4 HOLD A WATCH PARTY

Watch the World Championship of Public Speaking speech over several years or other special speeches together and share feedback and comments in a fun and relaxed setting.

5 PLAY CHARADES

There has never been a better way to practice non verbal communication while having tons of fun. Split your group into teams, get a gamemaster and see who is better at communicating with their body.
